Description Regulating certain sport shooting ranges					

Assumptions Used in Arriving at Fiscal Estimate

This bill contains various regulations relating to sport shooting ranges. The bill allows sport shooting range owners or operators to repair, remodel or make other changes to existing facilities. In addition, the bill creates procedures and conditions that must be met before a state agency, political subdivision or court may require the closure of a sport shooting range that exists on June 18, 1998.

If one of these entities seeks to close a facility, the bill requires the circuit court to conduct an evidentiary hearing on whether the sport shooting range "presents a public hazard to the surrounding community."

Additional court proceedings could be generated under the terms of this bill, but it is impossible to predict how frequently that may happen. It is expected that existing court staff would absorb any additional proceedings.
